APPLICATION FOR CERTIFICATE OF NEED

Nursing Home Related Projects

Page 1 of 4

HOSPITAL BASED PROJECTS Certificate of Need applications must be submitted with a fee in accordance with WAC 440-44-030 and the instructions on page 2 of this form. Application is made for a Certificate of Need in accordance with provisions of Chapter 70.38 RCW and Rules and Regulations adopted by the Department (WAC 248-19). I hereby certify that the statements made in this application are correct to the best of my knowledge and belief. APPLICANT(S) OHNER: **OPERATOR:** Name and Title of Responsible Officer Name and Title of Responsible Officer (PLEASE PRINT OR TYPE) (PLEASE PRINT OR TYPE) Legal Name of Operator: Legal Name of Owner: Address of Owner: Address of Operator: Signature of Responsible Officer Signature of Responsible Officer Date: Telephone: Date:_____Telephone:____ Type of Ownership: Operation of Facility:) District () Owner Operated) Private Non-Profit Management Contract) Proprietary - Corporation) Lease) Proprietary - Individual) Proprietary - Partnership Type of Project (Check all that Apply) State or County) Changes in Services) Swing Beds of more than Five Proprietors or Stockholders information) New Facility) Bed Capacity Change/Redistribution Provide the name and address of each) New Institutional Health Service owner and indicate percentage of Capital Expenditure Over Minimum ownership:) Other Intended Project Start Date: Intended Project Completion Date: ESTIMATED CAPITAL EXPENDITURE: \$ Project Description

ATTACH NARRATIVE PORTION OF THE APPLICATION

INSTRUCTIONS FOR SUBMISSION:

1. Mail an original and one copy of the completed application, with narrative portion to:

Department of Health Certificate of Need Program 2725 Harrison Avenue, Suite 500 P O Box 47852 Olympia, Washington 98504-7852

The application must be accompanied by a check, payable to: **Department of Health** for the application review fee, based on the project description, as identified on the **enclosed fee schedule**.

2.	COMPLETE THE FOLLOWING PRIOR TO SUBMISSION FOR REVIEW:					
	TOTAL AMOUNT OF FEE	ACCOMPAN	YING THIS APPLICATION:			
	REVIEW FEE:	\$	(refer to fee schedule)			
	APPLICANT NAME:					
	DATE OF SUBMISSION:		CHECK NUMBER:			

CERTIFICATE OF NEED Fee Schedule

Application Fees

An application for a certificate of need under chapter 246-310 WAC shall include payment of a fee consisting of the following:

- A review fee based on the facility/project type.
- When more than one facility/project type applies to an application, the review fee for each type of facility/project shall be included.

Kacibity/Project Type	Revigan Free
Ambulatory Surgical Centers/Facilities	\$10,600
Amendments to Issued Certificates of Need	\$6,700
Emergency Review	\$4,300
Exemption Requests (Non-Refundable Fee)	
Continuing Care Retirement Communities (CCRCs)/Health Maintenance Organization (HMOs)	\$4,300
Bed Banking/Conversions	\$700
Determinations of Non-Reviewability	\$1,000
Hospice care center	\$900
Nursing Home Replacement/Renovation Authorizations	\$900
Nursing Home Capital Threshold under RCW 70.38.105(4)(e) (excluding replacement/renovation authorizations)	\$900
Rural Hospital/Rural Health Care Facility	\$900
Extensions (Non-Refundable Fee)	
Bed Banking	\$400
Certificate of Need/Replacement-Renovation Authorization Validity Period	\$400
Home Health Agency	\$12,800
Hospice Agency	\$11,400
Hospital (excluding Transitional Care Units-TCUs, Ambulatory Surgical Center/Facilities, Home Health,	\$21,000
Hospice, and Kidney Disease Treatment Centers)	
Kidney Disease Treatment Centers	\$13,000
Nursing Homes (including CCRCs and TCUs)	\$24,000

Fees for Amending Pending Applications

The fee for amending a pending certificate of need application-shall be as follows:

- When an amendment to a pending certificate of need application results in the addition of one or more facility/project types the review for each additional facility/project type shall accompany the amendment application;
- When an amendment to a pending certificate of need application results in the removal of one or more facility/project types the department shall refund to the applicant the difference between the review fee previously paid
- When an amendment to a pending certificate of need application results in any other change as identified in WAC 246-310-100, a fee of \$1,100 shall accompany the amendment application.

Refunds

- When a certificate of need application is returned by the department in accordance with the provisions of WAC 246-310-090 (2)(b) or (e), the department shall refund 75% of the review fees paid.
- When an applicant submits a written request to withdraw certificate of need application before the beginning of review, the department shall refund 75% of the review fees paid by the applicant.
- When an applicant submits a written request to withdraw certificate of need application after the beginning of review, but before the beginning of the ex parte period the department shall refund 50% of all review fees paid.
- When an applicant submits a written request to withdraw an application after the beginning of the ex parte period the
 department shall not refund any of the review fees paid.

INSTRUCTIONS FOR COMPLETION OF FINANCIAL RATIOS INFORMATION FOR ALL NURSING HOME PROJECTS

Utilizing the data from the financial statements submitted in the application, calculate the Debt Service Coverage, Current Ratio, Assets Financed by Liabilities Ratio, and the Total Operating Expense to Total Operating Revenue Ratio. The method of calculating these ratios is listed below. Enter the ratio figures in the table on the next page. The normal or expected value for each of these ratios is: Debt Service Ratio 1.5 - 2.0; Current Ratio 1.8 - 2.5; Assets Financed by Liabilities Ratio 0.6 - 0.8, and Total Operating Expense to Total Operating Revenue Ration 1.0. If the project's calculated ratios are outside the normal or expected range, please explain.

METHOD FOR CALCULATING FINANCIAL RATIOS

For each financial or calendar year, as appropriate, calculate the Current Ratio, the Assets Financed by Liabilities Ratio, the Total Operating Expense to Total Operating Revenue Ratio and the Debt Service Coverage Ratio:

<u>RATIO</u>	CALCULATION	LINE ITEMS
Current Ratio	Current Assets	Schedule B, Line 14
	Current Liabilities	Schedule B, Line 50
Assets Financed by Liabilities	Current Liabilities + Long Term Liabilities	Schedule B, Line 50 + 60
	Total Assets	Schedule B, Line 39
Total Operating Expense to Total	Total Operating Expense	Schedule C, Line 22
Operating Revenue	Net Operating Revenue	Schedule C, Line 9
Debt Service Coverage	Net Income + Interest Expense + Depreciation Expense	Schedule C, Line 28 + Schedule G, Line 160 + 158
	Current Portion of Long-Term Debt + Interest Expense	Schedule B, Line 44 + Schedule G, Line 160

WASHINGTON STATE CERTIFICATE OF NEED PROGRAM RCW 70.78 AND WAC 246-310

APPLICATION INFORMATION INSTRUCTIONS

These application information requirements are to be used in preparing a Certificate of Need application. The information will be used to evaluate the conformance of the project with all applicable review criteria contained in RCW 78.38.115 and WAC 246-310-210, 220, 230, 240, 370, and 380.

 The application is to be submitted together with a completed, signed Certificate of Need application face sheet and the appropriate review and processing fee. Please send two copies of the entire application to:

Department of Health Certificate of Need Program 1112 Southeast Quince P O Box 47851 Olympia, Washington 98504-7851

- Submit a copy of the Letter of Intent for this project in the application.
- Please make the narrative information complete and concise. Data sources are to be cited Extensive supporting data, that tends to interrupt the narrative, should be placed in the appendix.
- Please number ALL pages.
- All cost projections are to be in non-inflated dollars. Use the current year dollar value for all program data and projections. DO NOT inflate these dollar amounts.
- Capital expenditures should not include contingencies. Certificate of Need statutes and regulation allow a 12 percent or \$50,000.00 (whichever is greater) margin before an amendment to an approved Certificate is required.

APPLICATION INFORMATION REQUIREMENTS FOR HOSPITAL BASED NURSING HOME RELATED PROJECTS

I. APPLICANT DESCRIPTION

<u>Mote</u>: The term "applicant" for this purpose is defined as any person or individual with a ten percentage or greater financial interest in a partnership or corporation or other comparable legal entity or lessee that engages in any undertaking which is subject to review under provisions of Chapter 70.38 RCW.

A. OWNER DESCRIPTION:

- 1. Legal Name of Owner
- 2. Address
- 3. Provide the following information about each Owner
 - a. If an out-of-state corporation, submit proof of registration with Secretary of State, Corporations, Trademarks and Limited Partnerships, show relationship to any organizations as defined in Section 405.427 of the Medicare Regulations.
 - b. If an out-of-state partnership, submit proof of registration with Secretary of State, Corporations, Trademarks and Limited Partnership Division, and provide a chart showing organizational relationship to any related organizations as defined in Section 405.427 of the Medicare Regulations.

B. OPERATOR DESCRIPTION

- Legal Name and address of operating entity (unless same as owner).
 - a. If an out-of-state corporation, submit proof of registration with Secretary of State, Corporations, Trademarks and Limited Partnership Division, and provide a chart showing organizational relationships to any related organizations as defined in Section 405.427 of the Medicare Regulations.
 - b. If an out-of-state partnership, submit proof of registration with Secretary of State, Corporations, Trademarks and Limited Partnership Division, and provide a chart showing organizational relationship to any related organization as defined in Section 405.427 of Medicare regulations.
- C. Is the applicant currently, or does the applicant propose to be reimbursed for services provided under Titles V, XVIII, and/or Title XIX of the Social Security Act?
- D. Name, title, address and telephone number of person to whom questions regarding this application should be directed.

E. Provide separate listings of each Washington and out-of-state health care facility, including name, address, Medicare provider number, Medicaid provider number, owned and/or managed by each applicant or by a related party, and indicate whether owned or managed. For each out-of-state facility, provide the name, address, phone number and contact person for the entity responsible for the licensing/survey of each facility.

II. FACILITY DESCRIPTION

- A. Name and address of the proposed/existing facility.
- B. Provide the following information:

	HOSPITAL (ACUTE)	NURSING HOME (SNF/ICF)	BOARDING HOME (Cong.)
Total Number of Beds Currently Licensed Total Number of Beds Currently Set Up			

III. PROJECT DESCRIPTION

<u>NOTE</u>: An amended Certificate of Need shall be required if certain modifications are made to a project for which a Certificate of Need was issued in accordance with WAC 248-19-450.

- A. Describe the proposed project. This description should include discussion of any proposed conversion or renovation of existing space, as well as the construction of new facility space. Also specify any unique services being proposed.
- B. Type of Project (indicate all that apply):
 - 1. _____ New Facility
 2. ____ Total Replacement of Existing Facility
 3. ____ Renovation/ Modernization
 4. ____ Mandatory Correction of Fire and Life/Safety
 Deficiencies
 - Expansion/Reduction of Physical Plant

4.	Address of	site:								·
	Address o	of alterna	te site _ -							

5. If the nursing home site or alternate site has not been acquired, explain the current status of site acquisition plans along with proposed time frames.

<u>MOTE</u>: If approved, the Certificate of Need will specify the site and/or alternate site of the nursing home. A change of location of the site authorized by the Certificate of Need may require an amendment to the Certificate of Need.

- 6. Describe any restrictions on usage of the proposed site and alternate site for the proposed project. Restrictions include, but are not limited to the following:
 - (a) mortgages; (b) liens; (c) assessments; (d) mineral or mining rights; (e) restrictive clauses in the instrument of conveyance; (f) easements and right of ways; (g) building restrictions; (h) water and sewer access; (i) probability of flooding; (j) special use restrictions; (k) existence of access roads; (l) access to power and/or electricity sources; (m) shoreline management/environmental impact; (n) other, please specify.
- 7. Demonstration of sufficient interest in project site. Provide a copy of one of the following:
 - (a) Clear legal title to the proposed site; or

- (b) A lease for at least five years with options to renew for not less than a total of twenty years; or
- (c) A legally enforceable agreement to give such title or such lease in the event a Certificate of Need is issued.
- 8. Demonstration that the proposed site may be used for the proposed project. Please include a letter from the appropriate municipal authority indicating that the site for the proposed project is properly zoned for the anticipated use and scope of the project or a written explanation of why the proposed purpose is exempt.
- 9. If the project involves construction of 12,000 square feet or more, or construction associated with parking for forty or more vehicles, submit a copy of either an Environmental Impact Statement or a Declaration of Non-Significance from the appropriate governmental authority.

NOTE: Projects involving construction of 12,000 square feet or more, or construction associated with parking for forty or more vehicles, are subject to the requirements of the State Environmental Policy Act (SEPA), Chapter 43.21 C RCW. Under the provisions of WAC 248-06-174(4)(b), the department may not issue a Certificate of Need until the requirements of SEPA have been met.

N. As the applicant(s) for this project, describe your experience and expertise in the planning, developing, financing and construction of skilled nursing and intermediate care facilities.

IV. PROJECT RATIONALE

Provide documentation to establish conformance of this project with applicable review criteria.

- A. NEED (WAC 248-19-370 and WAC 248-19-373)
 - 1. Identify and analyze the unmet health service need and/or other problems to which this project is directed.
 - a. Describe the need of the people you plan to serve for the service you propose.
 - b. If your project is in the Puget Sound Health Service Area, please address all the applicable standards in the Health Systems Plan.
 - 2. If your proposal exceeds the number of beds identified as needed in your county nursing home planning area, as shown in WAC 248-19-373, please discuss

how the approval of beds beyond the projected need would further the policy that beds should be located reasonably close to the people they serve.

- 3. Provide utilization data for each of the last three full fiscal years, the current annualized full fiscal year, and the next three full fiscal years: (USE SCHEDULE A which is attached to these guidelines.)
- 4. In the case of any proposed conversion of beds from other service categories to nursing care beds, provide evidence that the conversion will not jeopardize the availability of service. Document the availability and accessibility of the services that are to be converted.
- 5. In the context of the criteria contained in WAC 248-19-370(2)(a) and (b), please describe how the service will be available to the following: (a) low-income persons; (b) racial and ethnic minorities; (c) women; (d) handicapped persons; (e) elderly; (f) other underserved persons.
- 6. Does/will your facility require a pre-admission deposit? Please explain the intent and use of the deposit.
- 7. Please submit copies of the facility's admission agreement, policies and procedures.
- 8. If you propose any special services including but are not limited to heavy care, Alzheimer's care, respite care and day care.
 - a. Describe the service in full detail.
 - b. Include program content, staffing by classification and FTE commitment, budget, and the amount of space dedicated to each service.
 - c. Document the need for any special services.
- 9. If the purpose of the project is to correct existing structure, fire and/or life-safety code deficiencies, or licensing, accreditation, or certification standards as provided for under provisions of WAC 248-19-415, provide a detailed description of the cited deficiencies and attach copies of the two most recent Fire Marshal's surveys and/or surveys conducted by the Survey Program, Aging and Adult Services Nursing Home Affairs or Health Facilities Survey Section, Division of Health, Department of Social and Health Services or other surveying agency.
- 10. How does the facility define "medically indigent"? What dollar amount of care and percentage of total rate setting revenue did your facility provide to medically indigent patients last year, distinguishing bad debt from charity care?
- 11. Please indicate the means by which a person can gain access to the facility's services (e.g., physician referral, self admission).
- 12. Does the facility have any obligation, under any applicable federal regulations to provide uncompensated care, community service, or access by minorities and handicapped persons? If so, please describe how it has fulfilled its requirement(s).

B. FINANCIAL FEASIBILITY (WAC 248-19-380)

APPLICANTS MUST COMPLETE SECTIONS I OR II AND SECTION III.

SECTION I: COMPLETE THIS SECTION REGARDING CALCULATION OF PROPERTY/RETURN ON INVESTMENT RATE IF YOU ARE PROPOSING CONSTRUCTION OF <u>ADDITIONS AT EXISTING NURSING</u> HOMES OF A HOSPITAL OR CONSTRUCTION OF NEW NURSING HOME ADDITIONS.

The information requested in this section must be provided by a licensed architect or engineer.

Indicate the name, address and phone number of the licensed architect or engineer that completed this section.

Name: Address: Phone Number:	
Proposed Site Address	Zip Code
1. Indicate the total cost of constructing ta nursing home/hospital facility shares a cocost of the shared items shall be apportion Medicaid program methodology for apportionice.  Equipment Other (Itemize) Other Project Costs - itemize Total Estimated Capital Cost (Actual/ Replacement Cost) 	\$ \$ \$

- 2. Provide a copy of a signed nonbinding cost estimator's or contractor's estimate of the project's land improvements, building construction cost, architect and engineering fees, site preparation, supervision and inspection of site, Washington State sales tax, and other project costs (Items c, f, i, k, m, n and o above.)
- 3. Provide a brief description of the contractor's or cost estimator's experience with nursing home projects.
- 4. Estimated Nursing Home Construction Costs

	Estimated Square Foot	Const. Cost Sq. Ft. (Use (f),(g), & (k) above)	Total Cost/ Bed (Use (p) above)	Sq.Ft. (Use
Nursing Home				

5. For an existing facility, indicate the incremental increase in capital costs per patient day that would result from this project using the chart below:

		Current Year Year 1	Year 2 Year 3
a	Total Depre. Exp.		
	Total Interest Exp.	<u> </u>	
c.	TOTAL CAP. EXP.		
d.	Patient Days		
	Capital Costs/P.D.		
	(c/d)		

SECTION II: COMPLETE THIS SECTION REGARDING DEVELOPMENT OF BUILDING COST PER BED FOR <u>New Free-Standing Nursing Homes.</u>

The information requested in this section must be provided by a licensed architect or engineer.

Indicate the name, address and phone number of the licensed architect or engineer that completed this section.

	Name:
	Address:
	Phone Number:
	Proposed Site Address Zip Code
La co	e following Part I, Reasonable Building Cost Guidelines, and Part II, Reasonable and Cost Guidelines, will be utilized to determine whether or not the building est per bed and land cost are reasonable. These guidelines are based on WAC 8-96-745.
	PART I REASONABLE BUILDING COST GUIDELINES
	1. The Marshall Valuation Service (updated January 1986) Section I, pages 5-11, describes the building class (A, B, C, and D) and building quality (excellent, good, average, and low cost) of building. Based on this description, state the building class and building quality that is proposed for construction by this project.
	Class Quality Number of Beds
	2. Indicate the total number of square feet of construction that is proposed including walls, partitions, stairwells, etc. Total Square Feet
	3. The Marshall Valuation Service (updated January 1986) Section I, pages 5-11, describes the type of materials that can be utilized to construct the frame, floor, roof, and walls of a building. Based on this description, indicate the type of materials that would be utilized in the following major components of the proposed building.
	a. Frame b. Floor c. Roof d. Wall Structures e. Exterior Finish f. Interior Finish g. Lighting, Plumbing & Mechanical h. Heating & Cooling

4. Indicate the total cost of constructing the new nursing home. In cases where a nursing home/hospital shares a common foundation and roof, etc., the cost of the shared items shall be apportioned to the nursing home based on the Medicaid program methodology for apportioning costs to the nursing home service. Construction costs shall include the following:

a.	Land Purchase	\$
b.	Utilities to Lot Line	\$
c.	Land Improvements	\$
	Building Purchase	\$
	Residual Value of Replaced Facility	\$
f.	Building Construction	\$
	Fixed Equipment (which is not	
•	included in construction contract)	\$
h.	Movable Equipment	\$
i.	Architect and Engineering Fees	\$
j.	Consulting Fees	\$
k.	Site Preparation	\$
1.	Supervision and Inspection of Site	\$
m.	Costs Associated with Securing the	-
	Source(s) of Financing to Include	
	Interim Interest During Construction	
	1. Land	\$
	2. Building	\$
	3. Equipment	\$
	4. Other (Itemize)	\$
n.	Washington State Sales Tax	
	1. Land	\$
	2. Building Costs	\$
	3. Equipment	\$
	4. Other (Itemize)	\$
0.	Other Project Costs - itemize	\$
р.	Total Estimated Capital Cost (Actual/	·
	Replacement Cost)	\$

- 5. Provide a copy of a signed nonbinding cost estimator's or contractor's estimate of the project's land improvements, building construction cost, architect and engineering fees, site preparation, supervision and inspection of site, Washington State sales tax, and other project costs (Items c, f, i, k, m, n and o above.)
- 6. Provide a brief description of the contractor's or cost estimator's experience with nursing home projects.
- 7. The reasonableness of building construction cost is based on the data shown in Table I, Cost Guidelines for New Buildings and Improvements Plus Increments for Additional Beds. Reasonable building costs will be determined by:
 - a. Locating the class of construction (A, B, C, D) and quality of construction (good, average, low) in Table I, multiply the number of beds proposed by the appropriate per bed base cost;
 - b. Identify the appropriate Base Cost for the Facility (using the same class and quality of construction);

- c. Additional incremental allowances are allowed for projects requesting beds between 61-120 and projects of over 120 beds.
 - c1. For projects greater than 60 beds but less than 121 beds, multiply the appropriate per bed incremental allowance (using the same class and quality of construction) by the number of additional beds between 60 to 120; OR
 - c2. For projects greater than 120 beds, multiply the appropriate per bed incremental allowance (using the same class and quality of construction) by the number of additional beds over 60 but less than 120, then multiply the appropriate incremental allowance by the number of beds over 120 and add these two figures together.
- 8. The figures from a, b, and c, when applicable, are added to determine the construction cost lids. Final lid values will be adjusted for inflation using the actual change in the appropriate cost indexes.

TABLE I REASONABLE COST GUIDELINES FOR THE NEW BUILDING PLUS INCREMENTS FOR ADDITIONAL BEDS

Class of Construction	Base Cost Per Bed O - 60 Constructed	Base Cost Per Bed 61 - 120 Constructed	Base Cost Per Bed Over 120 Constructed	Add to Per-Bed Base Cost for Each <u>Facility</u>	Add for Each Bed Add for Between Each Bed 60 and Over 120 120 Beds Beds
A-good	\$ 50,139	\$ 42,079	\$ 39,006	\$ 239,773	
A-average	\$ 40,967	\$ 34,381	\$ 31,870	\$ 195,908

B-average	\$ 39,786	\$ 33,389	\$ 30,951	\$ 190,261	
C-good	\$ 35,939	\$ 30,161	\$ 27,959	\$ 171,866	\$ 1,565 \$ 1,108
C-average	\$ 27,924	\$ 23,435	\$ 21,723	\$ 133,537	
C-low	\$ 22,019	\$ 18,479	\$ 17,130	\$ 105,299	
D-good	\$ 32,622	\$ 27,377	\$ 25,378		\$ 1,828 \$ 1,295
D-average	\$ 25,221	\$ 21,167	\$ 19,621		\$ 1,413 \$ 1,001
D-low	\$ 19,796	\$ 16,613	\$ 15,400		\$ 1,109 \$ 786

- 9. The above estimated building costs per bed may be adjusted when the following circumstances apply to the project.
 - a. Construction changes required by the Consultation and Construction Review Section, DSHS, in the course of approving the building plans for the project.
 - b. Four story or higher construction.
 - c. Unusual labor or climatic conditions at time of construction that were not foreseeable by management.

- d. Cost savings realized in other components of the project such as equipment or operating costs.
- e. Where more than one major construction type is present, an average facility type shall be computed by weighing relative cost of the framing, floor, roof, and walls.

Applicants requesting adjustments to the guidelines for reasonable building cost per bed shall provide written justification and a financial analysis showing the rationale for the adjustments.

PART II REASONABLE LAND COST GUIDELINES

1. The land cost guidelines are for land that is utilized by the nursing home service. When an applicant proposes to construct a new nursing home/hospita
facility, the amount of land utilized by the nursing home services should b calculated based on Medicaid program methodology for apportioning costs to the
nursing home for reimbursement purposes. Based on the above factors, the cosof land plus cost of utilities to lot line for the proposed nursing homowould be \$
 Indicate the number of square feet of land that would be utilized for th nursing home service square feet.
 Indicate the cost per square foot for the land utilized by the nursing home service. \$

- 4. Exceptions to square foot cost lids (WAC 388-96-745(5)) may be allowed up to a maximum of ten percent (10%) (WAC 388-96-745(6)). An adjustment shall be granted only if requested by the applicant. Applicants requesting adjustments to the guidelines for reasonable land costs shall provide written justification and an analysis showing the rationale for the adjustments.
- 5. Exceptions to land area lids (WAC 388-96-762) may be allowed. An adjustment shall be granted only if requested by the applicant and meet the criteria defined in WAC 388-96-762(3). Applicants requesting adjustments to the guidelines for area land lids shall provide written justification and an analysis showing the rationale for the adjustments.

Questions regarding the construction cost lid exception process should be directed to the Residential Rates Program of Aging and Adult Services.

SECTION III: <u>ALL APPLICANTS</u> - INTEREST RATE, SOURCE OF FINANCING PROJECT COSTS, ESTIMATED START-UP/INITIAL OPERATING DEFICITS, FINANCIAL STATEMENTS AND PROJECTED PATIENT CHARGES.

- 1. Identify the owner or operator who will incur the debt for the proposed project.
- 2. Anticipated Sources and Amounts of Financing for the Project (Actual Sources for Conversions)

	Total Project Cost)		\$

- 3. If the hospital is planning to finance this project from capital allowance, please indicate the amount(s) and the fiscal year(s) during which equity funding would be required.
- 4. Provide a complete description of the methods of financing which were considered for the proposed project. Discuss the advantages of each method in terms of costs and explain why the specific method(s) to be utilized was (were) selected.
- 5. Indicate the anticipated interest rate on the loan for constructing the nursing home. %.
- 6. Indicate if you will have a fixed or a variable interest rate on the long-term loan and indicate the rate of interest.

Fixed interest rate%.	
Variable interest rate beginning at and ending at%.	<u></u> %
Loan Terms	

- 7. Estimated Start-up and Initial Operating Expenses
 - a. Total Estimated Start-up costs "\$" _____ (Expenses incurred prior to opening such as staff training, inventory, etc., reimbursed in accordance with Medicaid guidelines for start-up costs.)

- c. Total Estimated Initial Operating Deficits "\$" (Operating deficits occurring during initial operating period.)
- d. Estimated initial operating period _____ "months" (Period of time from receipt of first patient until total revenues equal total expenses.)
- 8. Evidence of Availability of Financing for the Project

Please submit the following:

- a. Copies of letter(s) from lending institution which indicate a willingness to finance the proposed project (both construction and permanent financing). The letter(s) should include:
 - i. Name of person/entity applying

ii. Purpose of the loan(s)

- iii. Proposed interest rate(s) (Fixed or Variable)
- iv. Proposed term (period) of the loan(s)

v. Proposed amount of loan(s)

- b. Copies of letter(s) from the appropriate source(s) indicating the availability of financing for the initial start-up costs. The letter(s) should include the same items requested in 8(a) above, as applicable.
- c. Copies of each <u>lease</u> or <u>rental</u> agreement related to the proposed project.
- d. Separate amortization schedule(s) for each financing arrangement including long-term and any short-term start-up, initial operating deficit loans, and refinancing of the facility's current debt setting forth the following:
 - i. Principal
 - ii. Term (number of payment period)

(long-term loans may be annualized)

- iii. Interest
- iv. Outstanding balance of each payment period

NOTE: ALL TABLES, STATEMENTS, CHARTS, AND COLUMNS USED IN RESPONDING TO THE FOLLOWING INFORMATION REQUIREMENTS SHOULD BE CLEARLY LABELED TO INDICATE THE SOURCE OF DATA USED, AND WHAT THEY ARE MEANT TO CONVEY.

9. Provide a cost center budget showing anticipated revenue, and operating costs during the project and for a three year period following completion of the project, without inflation, with and without the project. In the "with" scenario, include start-up costs, and the anticipated period of deficit operations before the project is utilized at a breakeven point.

FOR BASIC SERVICE HOSPITALS (defined for this purpose as those in the "former" peer groups 1 and 2 that continue to submit the short form budget to the Washington State Hospital Commission), provide a cost center budget without inflation for the first three years of operation. USE SCHEDULE CC-1 included in these information requirements, adding extra years as needed.

FOR OTHER HOSPITALS, provide a cost center budget without inflation for the first three years of operation. USE SCHEDULE CC-1 included in these information requirements, adding extra years as needed.

FOR ALL HOSPITALS, provide hospital-wide revenue and expense information. USE SCHEDULE CC-2, included in these information requirements. Add extra years to the form as needed to provide a thorough record from the current budget year through the third full fiscal year following completion of the project. Explain any changes from the hospital's current year approved budget. Submit this information without inflation, with and without the project. State all assumptions made regarding the Case Mix Index used and calculation of Adjusted Case Mix Value Units.

NOTE: USE SCHEDULES ATTACHED TO THESE GUIDELINES.

10. Provide, in the Washington State Hospital Commission's format, a proforma balance sheet, without inflation, with and without the project. This statement shall cover each year starting with the current budget through the third year following project completion. State all assumptions used in projecting the statement. Explain any changes from the balance sheet submitted with the hospital's last budget request.

NOTE: If there are no capital costs associated with this project, no proforma balance sheet is necessary.

- 11. Provide a capital expenditure budget coverning each year starting with the first year following the last State Hospital Commission budget submittal through the third year following project completion.
- 12. Calculate the average patient charge rate per day. State all assumptions made for these calculations. The State Hospital Commission will make its determinations on the impact on costs and charges of health care from this data.

Nursing Hours/Patient Day

- 4. Provide evidence which indicates the personnel needed to staff the nursing home will be available.
- 5. Provide evidence that shows there will be adequate ancillary and support services to provide the necessary patient services.
- 6. Provide a copy of the facility's Infection Control Policies and Procedures.
- 7. Explain how the services provided at your facility are integrated with other providers of health services and social services to assure continuity of care is available.
- 8. Provide evidence which indicates the services provided at your facility will be in compliance with applicable federal and state laws, rules and regulations for health care facilities.
- Also, if you plan to be certified under the Medicaid or Medicare program, provide evidence that the project will be in compliance with the applicable conditions of participation related to these programs.
- 9. The State Health Plan Long Term Care Performance standard 4a(3) states "State approval to build, expand or acquire a nursing home shall not be given to owners or operators of existing nursing homes who, according to federal or this or another state's survey reports for at least the last three years, have had repeated and/or severe violations of standards of patient care." Fully describe any repeated and/or severe violations of standards of patient care for the last three years.
- 10. Fully describe any history of each applicant with respect to the actions noted in the Certificate of Need criterion, (WAC 248-19-390(5)(a)). If there is such a history, provide evidence that ensures safe and adequate care to the public to be served and in conformance with applicable federal and state requirements.
- 11. If applicable, please describe the composition of your facility's community advisory board and its relationship with management of the nursing home facility. Indicate if your existing facility presently has a resident's council or if your proposed new facility will have a resident's council.

- 12. In the context of the State Health Plan Long-Term Care Performance Standard #4, please document:
 - a. Evidence of joint planning shall include written agreements with other providers for referral, consultation, and service provision. It shall also include a list of other long-term care services informed about the project including at least the Area Agency on Aging, local home health agencies, the local Community Service Office (CSO) and the local hospitals.
 - b. Evidence of a commitment to least restrictive placements shall include:
 - b1) information provided to clients prior to admission on other long-term care services in the community;
 - b2) the existence of a continuing patient assessment program for all clients regardless of their payment status; and
 - b3) for existing nursing homes, a documented record of discharging clients to their homes or less intensive services and of maintaining no severe or repeated deficiencies in the discharge planning standard for the last three years. Less intensive services include but are not limited to home health care, adult family homes, and boarding homes. Documentation should identify the number of patients discharged to home and less intensive services during the last three years.

Discharges to Less Intensive Services

	# of patients	% of total #pts
19		•
19		
19	· · · · · · · · · · · · · · · · · · ·	<u> </u>

c. For existing nursing homes, evidence of adequate services to maintain client functional independence shall include documentation that for at least the last three years the nursing home has not had repeated and/or severe violations of standards of patient care.

D. COST CONTAINMENT (WAC 248-19-400)

- 1. Describe distinct alternative means for meeting the need described previously. Identify alternative advantages and disadvantages, including cost, efficiency or effectiveness.
- 2. Describe, in as much detail as possible, specific efforts that were undertaken to contain the costs of offering the proposed service.
- 3. In the case of construction, renovation or expansion, describe any operating or capital cost reductions achieved by architectural planning, engineering methods, methods of building design and construction, or energy conservation methods used.

- 4. Explain how the project will involve improvements on innovations in the financing and delivery of health services which foster cost containment and which promote quality assurance and cost effectiveness.
- 5. <u>Under a concurrent review</u> in accordance with State Health Plan Long-Term Care Performance Standard #5, preference may be given to the project which meets the greatest number of criteria listed below. Provide documentation describing how the proposed project meets the following criteria:
 - a. Nursing home operators who have the policy of admitting patients without regard to their source of income or payment.
 - b. Projects that include other institutional long-term care services or evidence relatively greater linkages to community-based long-term care services.
 - c. Projects which improve the geographic distribution and/or provide access to nursing home beds in a currently underserved area.
 - d. Nursing home operators having or proposing to have a Medicare contract in areas with less than the statewide proportion of Medicare nursing home beds to total nursing home beds.
 - e. Nursing home operators serving or proposing to serve Medicaid clients.
 - f. Nursing home operators proposing to serve additional heavy care patients in areas where CSO placement staff or hospital discharge planners document significant and continuing difficulties in placing heavy care patients in nursing homes.
 - g. Existing nursing home operators in the state who are seeking to achieve a 100-bed minimum efficient operating size for nursing homes or to otherwise upgrade a facility with substantial physical plant waivers or exceptions, as determined by the State Aging and Adult Services Administration.
 - h. Projects that propose to serve persons requiring mental health services and persons with dementias.

INSTRUCTIONS FOR COMPLETION TO COST REPORTING FORMS REQUIRED FOR SUBMISSION OF CERTIFICATE OF NEED APPLICATIONS FOR NURSING HOME PROJECTS

A complete application for a Certificate of Need will include the information requested in the "Application Information Requirements for Health Care Facility Certificate of Need Applications Nursing Home Related Projects". When completed, the enclosed forms will satisfy the information requirements in the Application Information Requirements under B, Financial Feasibility Section III 13 i, ii, iii, iv, v, except that an application should show start-up costs separately, and should also identify the anticipated period of deficit operations before the project is utilized at a break-even point.

NOTE: ALL FINANCIAL STATEMENTS MUST BE FOR NURSING HOME OPERATIONS ONLY

"NON-INFLATED" PROJECTIONS

non-inflated dollars based on the <u>last complete fiscal year.</u> Do not show increased costs due to anticipated inflationary trends. These "non-inflated" costs should show all anticipated costs resulting from increased staffing, supplies, utilities, etc., and should also show anticipated interest expense and depreciation expense.

EXPLANATION OF COLUMN HEADINGS

"Actual" - These columns apply to existing nursing homes proposing the addition of beds or total replacement of an existing facility. "Actual" must be by fiscal year, in accordance with the way books are kept.

"Estimate" - This column applies to existing nursing homes and shall show estimated operational figures for the current twelve months of operation of the facility.

"Projected" - means each twelve months of operation up through at least three full fiscal years following completion of the project.

The dates requested (directly beneath column headings discussed above) refer to the actual dates of the fiscal year for historical data, and the anticipated dates for each fiscal year of operation.

DEBT SERVICE CASH FLOW SCHEDULE

INSTRUCTIONS FOR COMPLETION OF FINANCIAL RATIO INFORMATION ALL FOR NURSING HOME PROJECTS

Utilizing the data from the fincancial statements submitted in the applicataion, calculate the Debt Service Coverage, Current Ratio, Assets Financed by Liabilities Ratio, and the Total Operating Expense to Total Operating Revenue Ratio. The method of calcuating these ratios is listed below. Enter the ratio figures in the table on the next page. The normal or expected value for each of these ratios is: Debt Service Ratio 1.5 - 2.0; Current Ratio 1.8 - 2.5; Assets Financed by Liabilities Ratio 0.6 - 0.8; and Total Operating Expense to Total Operating Revenue Ratio 1.0. If the project's calculated ratios are outside the normal or expected range, please explain

METHOD FOR CALCULATING FINANCIAL RATIOS

For each financial or calendar year, as appropriate, calculate the Current Ratio, the Assets Financed by Liabilities Ratio, the Total Operating Expense to Total Operating Revenue Ratio and the Debt Service Coverage Ratio:

<u>RATIO</u>	CALCULATION	LINE ITEMS
Current Ratio	Current Assets	Schedule B, Line 14
	Current Liabilities	Schedule B, Line 50
Assets Financed by Liabilities	Current Liabilities + Long Term Liabilities	Schedule B, Line 50 + 60
	Total Assets	Schedule B, Line 39
Total Operating	Total Operating Expense	Schedule C, Line 22
Expense to Total Operating Revenue	Net Operating Revenue	Schedule C, Line 9
Debt Service Coverage	Net Income + Interest Expense + Depreciation Expense	Schedule C, Line 28 + Schedule G, Line 160 + 158
	Current Portion of Long-Term Debt + Interest Expense	Schedule B, Line 44 + Schedule G, Line 160
